### **Besh o droM - Can't Make Me!**

As we all know you can't always believe what you read on labels but this one says '... the grooviest Balkan beats act taking traditions straight to the 21st century dancefloor!' and that neatly sums up Besh o droM's second CD and debut on this new record label dedicated to gypsy and Balkan styles. Formed in 1999 and based in Budapest the band play the sort of wedding music that puts the UK penchant for dreadful discos to shame. Most of the material this 10 piece band play is traditional but they deliver it in their own special style, not surprisingly the folk purists don't like the band and all you can say really is that it's there loss (& stronger of course!). Wonderful!
