# Love Of My Life

*Listen, there's an answer waiting.  
It comes, each beat I'm gone.  
Fallen for you,  
Every time you,  
Come and infect me,  
I'm more than ready I'm gone.  
Safely I state,  
There is no one who can take your place.*

*Moonlight, star-shine  
Beaming on my window pane  
Sing me to sleep I'm  
Dreaming 'bout you 'gain.  
Wake up with you  
Shower, dress I start my day  
Though I'm alone I'm  
With you all the way  
Harmony you hypnotise  
Suddenly I realise  
Music, truly  
The love of my life*

*Hear me, take me.  
Medicine, raised me.  
It comes, each,  
Each breath I'm gone.  
Never leave me, focus, find me.  
Come and infect me.  
I'm more than ready I'm gone  
Safely I state,  
There is no one who can take your place.*

## CHORUS

*Communicate to free our space.  
Unlock the gate to keys.  
Somehow the world it needs more pace .  
You are a saint, my saving grace.*

## CHORUS

lyrics: Annique  
composer: Annique & Koby Israelite

## *Never Forget The Times*

*Back track, take back,  
Rewind  
Daydream taking me back in time.  
Places, faces,  
All this  
Memories making me reminisce.  
Worthless?  
Priceless?*

*Funny how, things can,  
Change you  
Turn you ,round, rearrange you  
Worthless?  
Priceless?*

*Never forget the times  
Memories override  
Oh the beauty takes me,  
Oh the memories make me  
High, high*

*Present, past to future,  
Tailor-made to suit ya.  
Worthless?  
Priceless?*

**CHORUS 2x**

lyrics: Annique  
composer: Annique & Koby Israelite

## *Loved Not Understood*

*What is this sucker sensation?  
Feeling is thus pulling me in.  
What is this complication,  
Between my love and I within?*

*How can we find a solution  
To our ridiculous touché?  
Somehow my thoughts reach this conclusion.  
Let's agree to disagree!*

*Wise men they speak what should be spoken  
Fools only talk thinking they should  
Not sure which one of these is me  
But I know girls are meant to be  
Loved not understood!*

*Now things were said that were forgiven,  
But forgotten they are not  
Lets have a drink and talk it over  
Lay down our weapons then take a shot*

**CHORUS**

*Oscar, Bill, Plato,  
Three wise men who know  
Oscar, Bill, Plato,  
These are the three wise who know  
Oscar, Bill, Plato  
Three wise men who know  
Oscar, Bill and Plato  
These are the three wise who know*

**CHORUS 2x**

lyrics: Annique  
composer: Annique & Koby Israelite

# Whisper

*There's a whisper,  
There's a feeling,  
Suddenly I see this missing part,  
One thing I know for sure is  
That it's somehow,  
Re-reminding,  
Me to join and feel them with my heart.  
How did I stray?*

*And oh you'll find,  
Thoughts of them fold over your mind into your eyes.  
What a nice surprise .  
'til the next time,  
I remember,  
To resend a little kiss for you,  
Unto the scars of where you went away*

*Memories there,  
Take a hold of my  
(This is more than)  
Senses breathing,  
Lost to what I find.  
Waiting for the day,  
And I'm hoping for a way  
For miracles to somehow bring our dreams,  
Back into our lives.*

*Speak unto me,  
Solo softly,  
Whispering the secrets that we shared  
We only knew  
Still unsure though,  
If it's me then  
Or a feeling  
Fantasy that's taken on my head?  
Usher me true*

*And oh I find,  
Thoughts of you fold over the mind into my eyes.  
Still a nice surprise.  
'til the next time,  
'til the next time,  
I remember,  
To resend another kiss for you,  
Unto the scars of where you went away*

## CHORUS

lyrics: Annique  
composer: Annique & Koby Israelite

# *It's Life*

*Day breaks and her mind takes  
On a new face to a new place  
Somewhere, somehow something  
It is calling her, calling  
And low and behold she*

*Has taken to the new thing  
That her friends say is amazing  
but her years drag, it's the same bag*

*Pack your problems take your flight  
You can run but you can't hide from life  
That's Life!  
Search your soul like it wears a disguise?  
Truth be told we both know where it lies  
Inside*

*Night falls and his mind stalls  
Not a year's been, still he's working.  
Finding (oh now where should I be)  
Life is boring (something's waiting for me)  
While he's yawning  
Starts a-yearning  
For a new fad  
When will he understand*

*Pack your problems take your flight  
You can run but you can't hide from life  
That's Life!*

*Pack you problems take your flight  
You can run but you can't hide from life  
That's life!*

*Search your soul like it wears a disguise?  
Truth be told we both know where it lies  
it lies Inside*

*Fly ... Fly ...*

*What we got plain to see,  
Nothing wrong with chasing dreams.  
Live the life of Peter Pan  
Take your problems where you land.  
Rolling stones don't gather anything*

**CHORUS 2x**

lyrics: Annique  
composer: Annique & Koby Israelite

## *No Man's Land*

*Alone and though I wait for you,  
The part of my heart kept safe is now confused,  
But then is it just what I'm meant or I'm destined to do?  
None to blame but myself as there's nobody else I can use.*

*Alone and though the time is fast and few.  
Between the lines I've read but found no clues.  
So then am I destined to fail or am I fated to loose?*

*None to blame but myself,  
As I don't need no help deciding.  
The choices I made were mine.  
Why do I think you will fall my way?  
Like a fool I wait,  
That's a gamble I'm willing to take.*

*Time flies, plays on my heart strings,  
Though I'm happy for now with me, myself and I.  
Can't help thinking I need somebody,  
Is this a case of wanting something for the sake of it?*

*Alone and though the time is fast and few.  
Between the lines I read but found no clues.  
So then am I destined to fail or fated to loose?*

### **CHORUS**

lyrics: Annique  
composer: Annique & Koby Israelite

## *Maybe it's because*

*Maybe it's because I'm a Londoner  
That I think of her wherever I go  
I get a funny feeling inside of me  
Just walking up and down  
Maybe it's because I'm a Londoner  
That I love London Town*

lyrics & composer: public domain

# *London's Burning*

*City breathing, hearts a flame,  
CCTV founded fame, what has come of us  
today?*

*Breaking out, Breaking through,  
Navigate away from truth, bring on out the  
boys in blue!*

*North south from east to west, no excuse,  
no respect!  
Contagious, greed obsessed*

*London's burning  
Truth be this  
What they get is what they give!  
Lights are on but burning like the blitz  
London's calling  
Truth be told  
Streets are never paved with gold  
lights are shining but I feel the cold  
I feel the cold*

*City taken, the tempers rage,  
Preaching loud on your Twitter page  
Spreading carefree like the plague*

*Tuning into LBC, Every hour, religiously.  
What has come? What will be?*

*North south from east to west, no excuse,  
no respect!  
Contagious, greed obsessed*

## *CHORUS*

*Wanting something,  
Disregard reality of working hard  
Society is shamed and scared*

## *CHORUS*

*London's burning!  
But I feel the cold  
I feel the cold!*

lyrics: Annique  
composer: Annique & Koby Israelite

# *Far from Home*

*Home, far from home,  
Nothing said, nothing sung, nothing done  
I'm alone, been and gone.  
From the start, blame my heart, my mind,  
And I'm fine where I'm gone*

*So why can't I feel like,  
I'm something, someone?  
I can't find the time to pick me up,  
Oh please ease me*

*Stone, set in stone.  
Feeling numb, don't know what I've become  
I am done, over done  
Washed up, drained but the emptiness same  
As before, oh but*

*Why can't I feel like,  
I'm something, someone? (Never taken on)  
I can't find (More than I can)  
The time (I have tried to)  
To pick me up  
Oh please ease me*

*Standing solo, where I don't know,  
Maybe it's the end?*

*Hanging on for inspiration  
Waiting for a friend*

*So why can't I feel like,  
I'm something, someone?  
I can't find the time to pick me up,  
Oh why (Any question )  
Can't I (Needs an answer still)  
Feel like (No-one gets that something, someone)  
I'm something, someone? (Never taken on)  
I can't find (More than I can)  
The time (I have tried to)  
To pick me up  
Oh please ease me*

lyrics: Annique  
composer: Annique & Koby Israelite

# *Fly Little Bird*

*Fly little bird just fly,  
Though you are weary to try.  
Danger is watching your wonder  
Darkness is more than nigh.  
Home has many heart beats  
Beat your wings I pray!  
Fly little bird just fly now  
Fly for heaven's sake.*

*Try little bird just try,  
Though you are weary to fight,  
While we are watching your wonder  
Danger is more than nigh.  
Home has many heart beats  
Beat your wings I pray!  
Try little bird just try now  
Try for heaven's sake.*

*Tiny wings beat to the skies  
Free yourself from danger's eyes  
Nature's hand is cold as ice,  
Fly to where your future lies.*

*Fly little bird just fly,  
Out on the dusk of the sky.  
Fate is watching your wonder  
Danger is more than nigh.*

lyrics: Annique  
composer: Annique & Koby Israelite

# Fallin'

*Fallin'  
Callin'*

*He appears to me,  
What I think,  
I believe,  
To be a catch,  
I met my match - undoubtedly*

*Now I'm,  
Not a child,  
Far from meek,  
A mile from mild!  
Got a self destructive button,  
I push for men who want to mess with me*

*Fallin' for the little stupid games you play,  
Callin' I try to up an' leave but then I stay,  
Your in I guess I'll never learn so what's the  
Use I seem to like abuse so hit me with it babe*

*Believe me I have tried,  
To get with men  
Who never cross the line  
But somehow I can't stand the pace,  
Conclusion is I like to chase!  
No woman but myself to blame,  
Watch me as I go again.*

## CHORUS

*It's clear to see I, I complicate  
Something somewhat simple,  
Will I learn from my mistakes?  
It's clear to see I need to take a break,  
Going ,round in circles,  
Need to save my heart the ache!  
When will I learn,  
This bed is mine,  
That I have made.*

*Fallin'  
Callin'  
Your in  
Use I seem to like abuse so hit me with it babe!*

## CHORUS

lyrics: Annique  
composer: Annique & Koby Israelite

# *Safe As Stone*

*I took the time to figure out,  
A focal point to think about,  
I'm safe as stone.*

*To be frank and to be fair,  
I'm stuck in ways I'm quite aware,  
I'm safe as stone*

*I know this far removed  
Brings doubt that's overdue  
So frame my suit  
But how could I be you?  
How could I be you?*

*A sturdy strength within at least I've that,  
I found foundation in that's where I'm at,  
I'm safe as stone.*

*My emotion's hard to find in face,  
But expressions run from page to page,  
I'm safe as stone*

## **CHORUS**

lyrics: Annique  
composer: Annique & Koby Israelite

## *Heads Up*

*Let go, get down.  
You know better than to let your feelings out!  
Be cold, shut down.  
What your feel, keep it real,  
Your head up in the cloud.*

*Skin to blister, sister spoke to me.  
16, a sweet young thing, I'll not forget the day.  
Desperate for love, and loving in return  
They'd say jump I'd say how high,  
Respect was yet to earn.*

*"Let them call"  
"I don't want to play games"  
"You will fall if you don't sit on your hands"  
From that day on, I'll never look back,  
And any time I break that rule I wish  
I never had.*

### *CHORUS*

*Brother, brother hear me when I say,  
Just take this information and put it into play.  
Femme fatale leading you astray.  
She's so fine but a pretty price to pay.*

### *CHORUS 2x*

*I feel it's my place as a friend to show  
The easiest ways that relationships grow,  
Little by little keep them wanting more.  
Not playing games it's just plain fact,  
Interest comes with holding back.  
Put up you guard or else your odds are stacked.*

### *CHORUS 3x*

lyrics: Annique  
composer: Annique & Koby Israelite

## *So Many C\*\*ts*

*So many c\*\*ts in the world*

*Breathe in, feeling  
Open out your mind to meaning.  
Broken, dreaming  
Open up, align your listening.*

*So many c\*\*ts in the world*

lyrics: Annique  
composer: Annique & Koby Israelite
